PROJECTS

Skillshare – College Marketplace Platform | NMIET Pune

2024

- Architected a college-exclusive RESTful backend with Node.js, JWT authentication, and role-based access control serving 100+ students.
- Designed end-to-end UI/UX in Figma — wireframes to high-fidelity prototypes — adopted directly in production.
- Implemented structured session management and data handling, reducing onboarding friction significantly.

Android Development Portfolio | Personal

2023 – Present

- Built 5+ Android apps in Java & Kotlin integrating Firebase Realtime DB and Auth for secure, live-data experiences.
- Applied MVVM architecture and Material Design 3 with advanced UI patterns: RecyclerView, Navigation Component, Fragments.
- Maintained clean, scalable codebases across all projects; available on GitHub.

LibraTab – Library Book Discovery System | NMIET EPD Project

2025

- Developed a tablet-based library discovery frontend (HTML/CSS/JS) with book browsing, search, and availability features.

EXPERIENCE

Java Full Stack Virtual Internship | AICTE (Eduskills)

2024

- Completed structured curriculum covering Java, Spring Boot, REST APIs, and full-stack web development via AICTE's official program.
- Earned certification and documented learning on LinkedIn and portfolio.
